Quality & Safety First

As an industry leading company, we produce the best products in terms of design as well as quality to our clients at a rate of over 1.5 million units a year. We are committed to making sure all of the thousands of products per week we produce meet the highest standards for safety and quality.

BrandCharger is among the first to achieve 'Product Safety Aware' status in the Promotional Products Association International (PPAI, UNITED STATES) Product Safety Awareness Program.

Certified sustainability

Climate action starts at the source of the materials we choose. We are offering RCS certified recycled materials. The Recycled Claim Standard (RCS) is a international, voluntary standard that set requirements for third-party certification of recycled input and chain of custody. The shared goal of the standards is to increase the use of recycled materials.

A multiple award winning company

Over the past 14 years, we have established ourselves as a formidable presence in the Corporate Gift Industry, winning 47 industry awards and receiving numerous global nominations.

Each accolade fuels our passion to innovate and deliver beautiful products that set the standard in our industry.

Pøsh Café

Sip Sustainably, Savor Every Moment

Meet Pøsh Café, the tumbler that's as smart as it is stylish. Made from recycled stainless steel, it's a step toward a more sustainable lifestyle without compromising on convenience or performance.

Featuring the Push-to-Sip™ SmartCap, this innovative lid opens with a simple push and seals with a satisfying click—no spills, no stress. Plus, its triple-layer vacuum insulation keeps your drinks perfectly hot or refreshingly cold for hours.

With Pøsh Café, you're not just sipping sustainably—you're making every moment count.

Stay refreshed. Stay eco-smart. Choose Pøsh Café.

Size: 90 Ø x 181 mm (3.5 Ø x 7 inch).

Ergonomic design

Designed to fit perfectly in your hand, it's effortless functionality meets modern sophistication—because style should never slip away.

Recycled 304/304 Stainless Steel, BPA-free

Built to craftsman precision using food grade 304/304 recycled stainless steel means it will perform and look great for years.

Corrosion Proof

Protected by corrosion-resistant chromium oxide film on the steel surface. If it is damaged in any way, this film regenerates itself.

Pøsh Café Duo

Eco-friendly dual-mode SmartCap tumbler

Meet Pøsh Café Duo, the tumbler that's as smart as it is stylish. Made from recycled stainless steel, it's a step toward a more sustainable lifestyle without compromising on convenience or performance.

Featuring the dual-mode SmartCap, this innovative lid seamlessly transitions between a refined sip aperture and a flip straw anchored to a silicone tube. Each mode locks securely with quiet, leak-proof assurance—no spills, no stress. Inside, a removable infuser makes it effortless to brew loose-leaf tea or steep fresh fruits, letting you customize every drink with vibrant, natural flavor. Plus, its triple-layer vacuum insulation keeps your beverages perfectly hot or refreshingly cold for hours.

With Pøsh Café Duo, you're not just sipping sustainably—you're making every moment count.

Stay refreshed. Stay eco-smart. Choose Pøsh Café Duo.

Size: 93 Ø x 182 mm (3.7" Ø x 7.2").

Pøsh Verso

Sip Sustainably, Live Smart

Meet Pøsh Verso—the bottle that’s as eco-friendly as it is stylish. Crafted from recycled stainless steel, it’s built for anyone who wants to do good for the planet without giving up convenience.

What defines the Pøsh Verso? Absolute versatility at the touch of a button. Featuring the **Dual-Mode SmartCap**, you can instantly toggle your hydration style: push the top button for straw-access sipping, or hit the lower button to release the high-flow spout. With a definitive “click” and a secondary safety lock, it’s engineered to stay bone-dry and leak-free in any bag.

Plus, triple-layer vacuum insulation keeps your drinks ice-cold or piping hot for hours, whether you’re at your desk, on a hike, or just running errands.

Stay refreshed. Stay eco-smart.

Size: 74 Ø x 275 mm (2.9 Ø x 10.8 inch).

Pøsh Bentō

Everyday Lunch Essential

Pack Light. Eat Well. Waste Less.

Meet Pøsh Bentō, your sleek, everyday lunch essential crafted from 100% recycled PET. Weighing just 364g, this genuinely lightweight container slips effortlessly into any bag, offering a sustainable solution that's perfectly sized for work, school, or weekend adventures without the bulk.

It features a matching fork and spoon—conveniently organized in the upper compartment and also crafted from recycled PET bottles.

Designed for leak-proof confidence, its food-grade silicone seal locks in freshness, making eating well feel effortless while keeping waste at zero. A simple single compartment that is both microwave and dishwasher safe, it easily handles a -20°C to 145°C range for cold prep and reheated meals without the need for transfers or scrubbing.

LOGO

BPA Free / Food Grade
Safe and eco-friendly, this BPA-free, food-grade recycled PET bento box protects your health and the planet while organizing your meals.

Temperature Resistant

Withstands temperatures from -20°C to 145°C , enabling safe freezing, storage, and microwave reheating in one durable container.

Compact 660ml single-layer design

With 660ml capacity offers the perfect portable size—large enough for a satisfying meal yet compact and lightweight for daily commuting, office use, or school, striking an ideal balance between bulky meal prep containers and smaller snack boxes.

Dishwasher-safe

This bento box allows for effortless, convenient cleaning without warping or degrading.

Secure Closure Band

Features a nylon bandage accessory to ensure a secure, leak-resistant closure that keeps contents fresh and prevents spills during transport.

Leak-proof design

A food-grade silicone seal ring prevents spills and leaks for mess-free transport.

Pure Hydro

Eco-friendly ♻️ recycled
PET water bottle

Pure Hydro – 750 ml of effortless hydration.

True to the Pure Collection's ethos, Pure Hydro is a featherlight 750 ml water bottle made from 100% post-consumer recycled PET. Engineered for motion yet refined in form, it's ideal for commuters, travelers, and anyone moving through their day with purpose. The clean-tasting, rugged bottle features a 1.3 mm wall thickness—offering serious durability without bulk or compromise.

Pure form. Pure function. Pure sustainability.

Size: 8 Ø x 22.7 cm (3.1 x 8.9 inch).

Screw-on cap & silicon strap

Hydro's sleek screw-on cap comes smartly tethered to a flexible silicone strap—designed not just to stay put, but to double as a convenient carry loop for on-the-go ease.

BPA-free

Pure Hydro is BPA-free and compliant with FDA safety standards—so you can sip with confidence, knowing your bottle meets rigorous health and safety requirements.

Certified sustainability

The Recycled Claim Standard (RCS) is a international, voluntary standard that set requirements for third-party certification of recycled input and chain of custody.

MADE FROM RECYCLED PET BOTTLES

Made from 9 recycled PET bottles

A lightweight, durable material that gives discarded plastic a second life. By choosing recycled PET, we reduce waste and lower our carbon footprint, delivering a clean-tasting bottle built with purpose.

Unbreakable

Engineered for everyday resilience with a 1.3 mm (0.05 inch) thick recycled PET wall—lightweight, durable, and built to last.

Pure Riva

Eco-friendly ♻️ vacuum bottle

Pure Riva – The daily vacuum bottle. 500 ml of everyday ease.

True to the Pure Collection's minimalist design language, Pure Riva pairs clean lines with thoughtful function. The 500 ml bottle features a stainless steel screw-on lid with an integrated loop—ideal for your commute, desk, or daily errands. Keeps drinks hot for 12 hours or cold for 24.

Made from recycled 18/8 stainless steel and BPA-free, it's built to last, not landfill.

Pure form. Pure function. Pure sustainability.

Size: 7.5 Ø x 22 cm (2.95 x 8.7 inch).

Vortex Ember

New bone cup

Ember isn't just a cup—it's thoughtful design, elevated.

Precision-crafted in new bone china, Ember reimagines the everyday cup through the lens of intentional design. Its fluid silhouette—inspired by the ocean's natural vortex—creates a striking yet serene presence, whether holding your morning coffee or evening tea.

Featuring a thin lip and strong body, Ember marries delicacy with resilience: a 2.5 mm ultra-smooth rim for a refined touch, and 4.0 mm reinforced walls that ensure lasting durability—perfect for both discerning homes and demanding hospitality settings.

This is new bone china at its best: luminous, balanced, and built to endure.

Size: 80 x 118 mm (excluding handle),

Vortex Calix Ceramica DUO

Eco-friendly ♻️ dual-mode lid ceramic tumbler

Crafted from 100% recycled 304 stainless steel, the Vortex Calix Ceramica Duo unites responsible design with sensory refinement. Its quadruple-wall architecture—recycled steel exterior, vacuum-sealed Coppertech® copper layer, inner steel chamber, and seamless ceramic lining—eliminates metallic aftertaste while resisting stains and odors. An outer powder coat finish adds scratch resistance and a soft matte elegance, all wrapped in a silhouette inspired by the ocean's spiral grace.

This four-layer system maintains temperature with precision: 18 hours iced, 12 hours cold, 4 hours hot. The plant-based ECOZEN® lid transitions quietly between a discreet straw port and a clean sip opening—both fully leak-proof—adapting to every moment without compromise.

A discreet optional wrist loop integrates into the cap to move effortlessly through the day. Vortex Calix Ceramica Duo—where sustainability, thermal intelligence, and pure taste flow as one.

Size: 8 Ø x 15.4 cm (3.1 x 6 inch).

Vortex Calix

Sustainable ♻️ luxury tumbler

Calix Eco: Experience the fusion of luxury and sustainability with our premium vacuum tumbler. Crafted from high-quality recycled 304 stainless steel, the Calix Eco is not just a statement of style but also a commitment to eco-conscious living.

The Tritan screw-on, leak-proof lid features an ergonomic shape and secure screw cap, ensuring a perfect grip for comfortably sipping your favorite beverage while on the go.

Tritan is known for its durability, clarity, and resistance to stains and odors. Its shatter-resistant nature and ability to withstand high temperatures make it the ideal material for our luxury drinkware.

For added convenience, the cap includes a carrier loop. This thoughtful detail allows for the attachment of a crossbody carrying belt (optional item), offering a hands-free experience as you carry your favorite drink with you.

With Coppertech® double-wall vacuum insulation, your iced beverages remain chilled for up to 18 hours, and hot drinks stay warm for as long as 4 hours.

Whether you're navigating the office or the urban jungle, the Calix Eco is your perfect companion for staying hydrated in style.

Size: 8 Ø x 14.5 cm (3.1 x 5.7 inch).

Built to craftsman precision using food grade 304/304 recycled stainless steel means it will perform and look great for years.

Corrosion Proof

Protected by corrosion-resistant chromium oxide film on the steel surface. If it is damaged in any way, this film regenerates itself.

DW018

Vortex Calix DUO

Eco-friendly♻️ dual-mode lid tumbler

Crafted from 100% recycled 304 stainless steel, the Vortex Calix Ceramica Duo unites responsible design with sensory refinement. Its quadruple-wall architecture—recycled steel exterior, vacuum-sealed Coppertech® copper layer, inner steel chamber, and seamless ceramic lining—eliminates metallic aftertaste while resisting stains and odors. An outer powder coat finish adds scratch resistance and a soft matte elegance, all wrapped in a silhouette inspired by the ocean’s spiral grace.

This four-layer system maintains temperature with precision: 18 hours iced, 12 hours cold, 4 hours hot. The plant-based ECOZEN® lid transitions quietly between a discreet sip aperture and a flip straw port and a clean sip opening—both fully leak-proof—adapting to every moment without compromise.

A discreet optional wrist loop integrates into the cap to move effortlessly through the day. Vortex Calix Ceramica Duo—where sustainability, thermal intelligence, and pure taste flow as one.

Size: 8 Ø x 15.4 cm (3.1 x 6 inch).

Vireo One

Eco-friendly aerospace-grade
23 inch umbrella

Vireo One – The Apex of Umbrella Engineering

Meet Vireo One: where luxury meets aerospace-grade precision. This 23" straight umbrella is built like a performance machine—featuring a full carbon fiber shaft and eight razor-thin carbon ribs, the same advanced composites trusted in Formula 1 for their unmatched strength-to-weight ratio.

76 Draped in 30D pongee fabric made from 100% recycled PET, the canopy is astonishingly light, whisper-quiet in the wind, and fortified with UV protection—proof that sustainability and sophistication belong together.

Finished with a seamless carbon handle and presented in a tailored packaging sleeve, Vireo One isn't carried—it's commanded.

Race-grade materials. Refined luxury. Recycled.

Vireo Auto

Eco-friendly aerospace-grade foldable automatic 21 inch umbrella

Vireo Auto – Compact. Fully Automatic. Unmistakably Vireo.

When rain strikes without warning, the 21" Vireo Auto responds instantly—fully automatic open and close at the press of a button, so you stay dry without breaking stride.

Engineered like high-performance gear, it features a carbon fiber frame and carbon handle, borrowing aerospace-inspired materials for maximum strength with featherlight feel. Every gram is considered; every detail refined.

The canopy is crafted from 30D pongee made from 100% recycled PET—an ultralight, tightly woven fabric that repels water, blocks UV rays, and moves silently through the wind. Sustainability without compromise. Performance with purpose.

Vireo Golf

Eco-friendly 27 inch golf umbrella

Vireo Golf – Big Coverage, Light Footprint

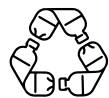

When clouds roll in on the back nine, the Vireo Golf doesn't just shield you—it elevates your game. At 27 inches with 8 fiberglass ribs and a glassfiber shaft, it offers expansive, wind-resistant coverage that stays steady in gusts, so you stay focused, dry, and in control.

With a smooth auto-open mechanism, full protection is just one press away—no fumbling, no delay.

The canopy is crafted from 190T pongee made from 100% recycled PET, transforming plastic waste into a lightweight, water-repellent barrier with built-in UV protection. Paired with a comfortable EVA handle, it's designed for all-day carry, hole after hole.

Wally stand

Sustainable magsafe compatible card holder & phone stand

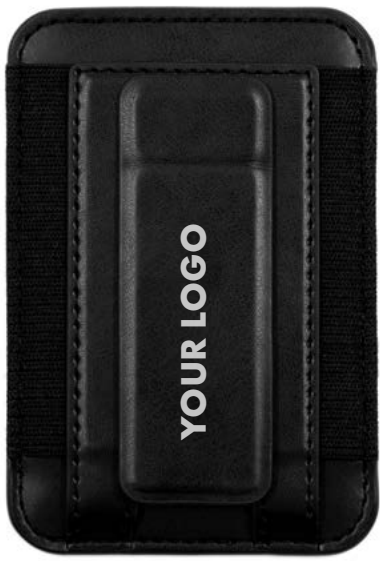

Wally Stand — a sleek, eco-friendly cardholder crafted from recycled PU. Its minimalist design holds six cards with effortless elegance. Magnetically attaches to your MagSafe-enabled phone, then unfolds smoothly to reveal a built-in stand that delivers stable, hands-free viewing. Rotate your phone anytime—switch seamlessly between portrait and landscape mode for movies, browsing, or video calls. Whether you're streaming on the go or staying connected at home, Wally Stand keeps you organized, inspired, and in control.

A perfect fusion of style, smart functionality, and sustainability. Stay organized. Stay connected. Stay effortless.

Wally stand pro

Sustainable magsafe compatible Quikdraw RFID card holder & phone stand

Wally Stand Pro — where smart design meets next-level security and seamless function.

Crafted from premium recycled PU, the Wally Stand Pro is sleek, eco-conscious, and smart. Quikdraw RFID-Secure Card Slider tech protects your 4 most-used cards and releases them with one smooth motion, while a front pocket holds 2 more—6 cards total, secure and ready.

But we didn't stop there.

Snap it magnetically to your MagSafe phone, then unfold into a sturdy stand. Rotate seamlessly between portrait and landscape for streaming, calls, or meetings—Wally Stand Pro holds your phone (and your cards).

Style that turns heads. Security that gives peace of mind. Functionality that just... works. Upgrade your everyday.

Nano Beast

The Nano Beast isn't just a speaker—it's a masterpiece of sound and style. Forged with precision and passion, it combines sleek, minimalist design with raw acoustic power that demands to be heard.

Powered by Ambient Harmonics Technology™, every note is rendered with crystal clarity, while DualForce Bass Driver Architecture delivers thunderous bass that defies its compact frame. Loud. Clear. Deep. The Nano Beast transforms any space into a sonic sanctuary.

Built to impress and built to perform, its elegant finish turns heads as much as its sound does. Whether you're setting the mood at home or powering through a workout, this is audio excellence without compromise—designed to move you, wherever you go.

This is sound reimagined. This is elegance unleashed.

Nano Beast – Unleash the Beast.

Certified sustainability

The Recycled Claim Standard (RCS) is an international, voluntary standard that sets requirements for third-party certification of recycled input and chain of custody. The shared goal of the standards is to increase the use of recycled materials.

Stylish design

The aluminum base and reinforced braided jacket give Volt its sophisticated look and feel.

Enhanced Durability

The Volt cable's enhanced braided design, with a 7 mm thickness, ensures increased resilience and a longer lifespan over conventional charging cables.

60W - PD Super Fast Charge

Designed to deliver rapid charging for compatible devices, including laptops, tablets, and smartphones. Delivery (PD) specification, allows for higher power levels to charge devices more quickly than standard charging cables.

USB 2.0 data

Supports data transfer speeds up to 480 Mbps and is suitable for connecting smartphones, tablets, laptops, and hard drives.

Type-C to Type-C

High-end aluminum-reinforced Type-C tips are designed to provide superior durability and a secure connection.

Thor Eco

Thor — your ultimate eco-friendly charging solution! Featuring a built-in digital charging speed indicator, it lets you monitor real-time charging performance in watts, ensuring maximum efficiency for all your devices.

This 4-in-1 powerhouse delivers unmatched versatility to charge any smartphone, tablet, laptop, and more. With 65W Power Delivery (PD), it charges your devices faster than ever, saving you time while reducing energy waste. Plus, it doubles as a USB 2.0 data cable, allowing you to transfer files quickly and reliably.

Crafted from sustainable, durable materials, the Thor Eco cable is designed to last and protect the planet. Compact, stylish, and travel-ready, it's perfect for modern lifestyles.

Size: 120 cm (3.9 ft) Logo size: 16 x 6 mm / 20 x 6 mm

Supports data transfer speeds up to 480 Mbps and is suitable for connecting smartphones, tablets, laptops, and hard drives.

Lumie

This cool gadget turns your phone's camera flash into a bright lightbulb.

Most smartphone camera flashes are decent flashlights, but it's incredibly bright and can be a little harsh on the eyes. Lumie turns your smartphone's flash light into a comfortable, bright light bulb functioning as: reading-light, nightlight, emergency light, camping light etc.

The foldable silicon lamp design makes Lumie portable and can be easily stored while you're traveling. It's easy to install on most smartphones, and even easier to remove when you need to take a call.

Now that's a bright idea!

Size: 73 x 39 x 23 mm Logo Size: 20 x 30 mm
